

VINTAGE VILLAS BED & BREAKFAST

Sited atop a hill overlooking Lake Travis, this 42 room hotel operating as a bed & breakfast and wedding center. One of the few hotels able to serve the market west of Austin and Lake Travis, the current owner plans to add a twenty-four room addition to the hotel and to double the Conference Room Space.

All 42 rooms have balconies with magnificent views of Lake Travis and each of the three buildings has a community meeting room on the ground floor. A small restaurant, in which breakfast and later afternoon snacks are served to guests, is located in one building.

This small, exclusive hotel introduces guests to Central Texas vernacular architecture while providing them with comfortable overnight or weekend accommodations.
